

# *STONEX m2*

## Laser Distance Meter

### Specifications

- Measure range: 0.05m - 40m.
- Accuracy:  $\pm 2$ mm.
- Laser type: Class II, 635nm.
- Area, Volume and indirect measurements.
- Arithmetical operations.
- Display illumination.
- Dimension: 116x54x35mm.
- Weight: 155g.

\* In unfavorable conditions, such as intensive sunshine, very weakly reflecting target surface or large temperature fluctuations, measuring accuracy may deteriorate.
